

Procurement Policy

Sustainable Timber Tasmania (STT) is responsible for land management and wood production in Tasmania's Permanent Timber Production Zone.

Background

In undertaking these functions, STT procures goods and services to support the functions of land management and wood production.

Objective

Under this policy, Sustainable Timber Tasmania will:

- only procure in support of STT's business objectives;
- provide opportunities for Tasmanian regional businesses;
- be guided by the principles of integrity, probity, and accountability, including the management of actual and perceived conflicts of interest arising from procurement activities;
- seek efficiency and effectiveness in procurement to achieve value for money;
- undertake procurement transactions in an ethical, fair, and equitable manner;
- pay eligible supplier invoices on time;
- maintain a Procurement Framework to provide guidance to STT staff in the procurement of goods and services; and
- communicate the Procurement Policy and make it publicly available.
